Fr. Frank Pavone, National Director of Priests for Life, issued the following statement on ERA, and any legislative action on it that would purport to ratify the long-expired federal Equal Rights Amendment.

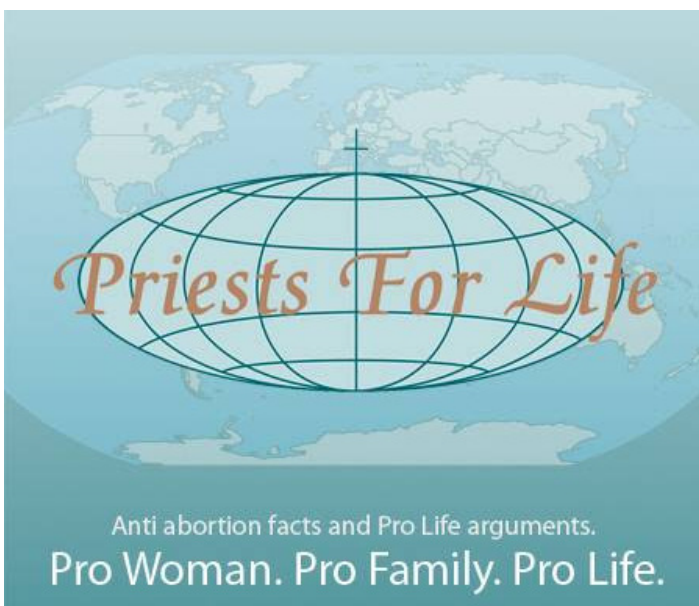

“Why, more than 45 years after Congress passed the so-called ERA and more than 35 years after the deadline for states to ratify the measure expired, is there an attempt to revive the long-dead ERA today? There is only one answer – abortion.

“The proposed federal ERA as written would be the most pro-abortion legislation ever adopted by any American legislature. Cloaked in language of equality, it would, in fact, remove all state and federal regulations and safeguards regarding abortion. It is this indisputable fact that, once publicized, stopped ratification of the ERA in its tracks in the last century.

“Do you favor parental notification before a 13-year-old girl has an abortion? Do you believe that partial-birth abortion, which amounts to infanticide, should remain illegal? Do you think that it's wrong to force Americans to pay for others' abortions? If so, you cannot support the ERA. These restrictions, overwhelmingly supported by the American public, would be deemed discriminatory on the basis of sex under the ERA.

“The ERA would enshrine unrestricted abortion in our Constitution. The law signed by NY Governor Cuomo allowing abortions - child killing - up until birth would become the mandatory policy of all 50 states, and conscience clauses protecting doctors and nurses from performing abortions would be eliminated under the 'strict scrutiny' requirements of the 1972 federal ERA.

“It's no coincidence that every organization that supports abortion in the United States also supports ratification of the ERA. They know what this deceptive amendment will accomplish – the end of any democratically enacted restriction or regulation of abortion. I urge legislators, in the strongest words possible, to reject ERA – it's not about equality, it's about unrestricted, taxpayer funded abortion through all nine months of pregnancy.”

Fr. Frank Pavone is one of the most prominent pro-life leaders in the world. Fr. Pavone is the National Director of Priests for Life, the largest ministry in the Catholic Church focused on ending abortion. He is also the President of the National Pro-life Religious Council, and the National Pastoral Director of Rachel's Vineyard, the world's largest ministry of healing after abortion.
